David Whittaker KC has for many years been acknowledged as a leading advocate in the fields of crime, financial crime, regulatory crime, private prosecutions and public inquiries and inquests.

He is recommended in three practice areas in Legal 500 UK Bar 2024: Crime (Tier 3, Leading Silks), Fraud (Tier 1, Leading Silks) and Health & Safety (Tier 2, Leading Silks); he is recommended in Chambers & Partners 2024 in Crime, Financial Crime and Health & Safety.

David has extensive experience and he regularly appears in demanding, complex and high-profile cases. His practice is wide-ranging. He is equally as comfortable advising companies being investigated for serious crime or regulatory matters and professionals, or other hard-working individuals, accused of crime that will tarnish their reputations or ruin their lives. No matter who he represents, he prepares his cases meticulously, formulates a strategy from the outset and, above all, has excellent client-care skills.

He has been described as “conscientious and hard-working”, “personable” and “charming with clients.” In court, he “is a superb advocate”, “has a delightful manner with the jury” whose “all round performance is outstanding”.

David’s current instructions include individuals charged with fraud and other serious criminal matters; companies charged under health & safety legislation; individuals facing allegations of gross negligence manslaughter; two private prosecutions; and, he is representing the project designer for the cladding sub-contractor in the Grenfell Tower Public Inquiry.

David delivers training in relation to criminal and regulatory matters and has written the UK fraud chapter for a firm of City solicitors.

He accepts [Direct Access](#) instructions and is often privately instructed through Direct Access, particularly in driving matters.

Before taking Silk David was shortlisted for the Crime Junior of the Year in the Chambers UK Bar Awards 2018.

David has appeared in many serious fraud cases, including MTIC fraud, tax fraud, insider trading, advance fee fraud, mortgage fraud and fraudulent trading. ## Cases

### **Anna Machkevitch v SFO**

DWKC and [Gabriele Watts](#) represented AM, the daughter of one of the founding partners of Eurasian Natural Resources Corporation ("ENRC"). In January 2020 she was convicted of failing to comply with a notice to produce documents to the SFO under section 2(3) Criminal Justice Act 1987. Her case was intrinsically linked to the SFO's criminal investigation of ENRC and, following the conviction, we kept abreast of the civil proceedings brought by ENRC against the SFO and their solicitors, Dechert LLP and a partner in Dechert, Neil Gerrard. Following judgments in the High Court, where the SFO were subject to considerable criticism, discussions were launched with the SFO and an appeal lodged against AM's 2020 conviction. Ultimately, the SFO agreed that the appeal was being pursued on forceful grounds and they offered no evidence.

### **RL**

DWKC represented RL, a surveyor at a large construction company, who was charged with fraud on an indictment that also contained charges of bribery against the company and a director. At trial, in July 2024, the prosecution accepted pleas of guilty from the company and director and offered no evidence against RL who was therefore acquitted.

He was acquitted on all of the six charges that he faced.

#### **R v Terence Green**

TG was charged with two counts of money laundering relating to €45,600 found in his car and a further €420,000 and \$10,000 found in various locations at his home address. In a separate case, TG's wife was acquitted of property fraud.
